b.) Remarks

Claims 1-58 are pending in this application. Claim 58 has been amended.

Counsel is grateful for the courtesy of the interview last week discussing how the claims might be made more distinguishable over the applied references.

Based on the conversation, claim 58 has been amended to further detail the network domain, routing device, and a monitor/regulator. Thus, this claim should further distinguish over the applied references.

Applicants believe that the present application is in condition for allowance. A Notice of Allowance is respectfully solicited. Should any questions arise, the Examiner is encouraged to contact the undersigned.

Respectfully submitted,
